Mandeville man sentenced in bank fraud case

Through the efforts of Louisiana Department of Agriculture and Forestry investigators and the FBI a former Ruston timber operation owner was sentenced in early December on one count of bank fraud, Agriculture and Forestry Commissioner Bob Odom said.

Ronald Ray Cardwell, 52, of Mandeville, was sentenced Dec. 4, 2006, in Federal Court in Monroe to four months in federal prison, four months home detention and ordered to pay restitution in the amount of \$164,400 to First National Bank of Ruston.

"I hate to see anyone cheated out of what is rightfully theirs and am pleased when one of the department's investigators is able to see a case through to the end, with a conviction and sentencing," Odom said.

In Aug. 2005, Cardwell, along with his wife Debra Canterbury Cardwell, was indicted on federal charges of one count each of bank fraud and conspiracy to commit bank fraud. As part of a plea deal the charges against Debra Cardwell were dismissed.

The conviction was the result of a complaint received more than three years ago when First

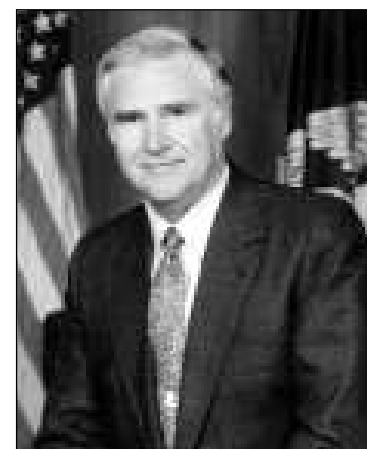

National Bank of Ruston suspected irregularities in loans they made to the Cardwells, doing business as Ruston Timber Company, that were for the purchase of timber tracts in north Louisiana.

Jim Baldwin, LDAF investigator, said they found the Cardwells failed to disclose they borrowed large amounts of money from another lender on their loan applications. They also underreported income from several tracts of timber when they were cut. Instead of using the proceeds to repay the bank loans, they spent them on other things.

Once Cardwell's jail sentence is complete, he will serve home detention and be required to wear an electronic monitor. He will also be placed on three years supervised probation.

Cardwell's sentence begins Jan. 29, 2007.

"Anyone suspecting they may have been a victim of timber theft should either call the LDAF office in their area or call the Baton Rouge headquarters at 225-925-4500," Odom said. "Don't wait to report a crime; the sooner the department's investigators get started investigating the better."

Commissioner
